## About this report

This report provides quarterly data about the student visa program administered by the Department of Immigration and Citizenship (the department). The report has been produced to assist education providers, representative bodies and policymakers.

It is important to note that the information used in this report comes from a new data source. Consequently, figures for previous financial years have been revised and may differ slightly from those previously published by the department.

Data is sourced from several departmental visa processing and recording systems. Data can be dynamic and there can be delays in transmission of information from the department's global operations. Variations in figures between this report and previous issues can occur. Due to these issues, the current financial year should always be considered provisional.

For privacy reasons < 5 has been used where a number in a table is between 1 and 4.

Further data about the student visa program, including yearly student visa trends and comprehensive data on student visa grants by sector and country from 2002-03 to the 2012-13 program year is available on the department's website at: [www.immi.gov.au/media/statistics/study](http://www.immi.gov.au/media/statistics/study)

## Definition of terms

<b>Applicant type:</b>	<p>Under the Migration Regulations 1994 (the Regulations), there are two types of applicants. These are primary applicants and secondary applicants. These terms are defined below.</p> <p>If the table or graph heading includes the word 'primary', such as 'primary applications' or 'primary visa holders', dependants (secondary applicants) are not included.</p>
<b>Citizenship country:</b>	<p>The country of citizenship of the visa applicant or visa holder. Where a visa applicant or visa holder has more than one citizenship country, either the citizenship of the travel document or the citizenship nominated by the visa applicant is used.</p>
<b>Destination:</b>	<p>Where a visa holder has moved from one type of visa to another. This most commonly occurs where a temporary visa holder applies for a permanent visa. However, many temporary visa holders go on to apply for a further temporary visa. The original visa is determined by the last visa held prior to the destination visa being granted. Destination visas include visas granted onshore and offshore.</p>
<b>Granted:</b>	<p>Unless otherwise specified, the number of visas granted includes primary and review grants.</p>
<b>Last visa held:</b>	<p>This refers to the last substantive visa held by a visa holder (that is, the last visa other than a bridging visa) prior to a point in time. The last visa held may have expired or still be in effect.</p>
<b>Lodged:</b>	<p>Lodged is the count of paper applications received in a departmental office or submitted electronically.</p>
<b>Offshore:</b>	<p>In this report, refers to the location of the client at the time the application was lodged. Generally, student visa applicants subject to Assessment Levels 2-5 are required to lodge their first student visa application while outside Australia.</p>
<b>Onshore:</b>	<p>In this report, refers to the location of the client at the time the application was lodged. An onshore applicant may already hold a visa of the same kind or may be applying for another type of visa. Student visa applicants subject to Assessment Level 1 can lodge their first student visa application while in Australia.</p>
<b>Primary applicant:</b>	<p>The primary applicant is the person who must satisfy the primary criteria for the grant of a visa under the Regulations. In this case, it would be the person proposing to study in Australia.</p>
<b>Primary application:</b>	<p>An application lodged by a primary applicant.</p>
<b>Primary grant:</b>	<p>An outcome where a decision maker (which may include system generated decision making) makes an assessment based on the initial visa application which results in a visa being granted to an applicant.</p>
<b>Primary visa holder:</b>	<p>A person who has had a primary application for a visa granted.</p>
<b>Secondary applicant:</b>	<p>Secondary applicants must satisfy the secondary criteria for the grant of a visa under the Regulations. In this case, a secondary applicant is generally a dependant of the primary applicant.</p>
<b>Secondary application:</b>	<p>A visa application lodged by a secondary applicant.</p>
<b>Secondary visa holder:</b>	<p>A person who has had a secondary application for a visa granted.</p>
<b>Snapshot date:</b>	<p>The snapshot date is a point in time at which a count is undertaken. In this report, the number of visa holders in Australia at a point in time is used.</p>
<b>Visa applicant:</b>	<p>Used to refer to clients applying for a visa. Unless otherwise specified, the term covers both primary and secondary applicants.</p>
<b>Visa holders in Australia:</b>	<p>The number of visa holders lawfully in Australia. This is not a count of all valid visas, as a number of visa holders may be outside Australia on the snapshot date.</p>

# Background to the student visa program

International students must have a valid visa for the duration of their studies in Australia. Most international students will need a student visa. However, visitor visas permit up to three months study and working holiday maker visas permit up to four months study. Further information about these visa options are available at: [www.immi.gov.au/visitors/](http://www.immi.gov.au/visitors/)

There are seven types of student visa:

1. English Language Intensive Course for Overseas Students (ELICOS) (subclass 570) visa. This visa is for international students undertaking a stand-alone English language course that leads to a certificate level award or non-formal award.
2. Schools (subclass 571) visa. This visa is designed for international students applying to study in Australia in a primary, junior secondary or senior secondary school course or an approved secondary school exchange program.
3. Vocational Education and Training (subclass 572) visa. This visa is designed for international students applying to study in Australia and whose main course of study is a certificate, vocational education and training diploma, vocational education and training advanced diploma, vocational graduate certificate or vocational graduate diploma.
4. Higher Education (subclass 573) visa. This visa is designed for international students applying to study in Australia and whose main course of study is a bachelor degree, associate degree, higher education diploma, higher education advanced diploma, graduate certificate, graduate diploma or Masters by coursework.
5. Postgraduate Research (subclass 574) visa. This visa is designed for international students who want to study a Master's degree by research or a Doctoral degree in Australia.
6. Non Award (subclass 575) visa. This visa is designed for international students who want to study non award foundation studies or other full time courses not leading to an Australian award.
7. AusAID or Defence Sponsored (subclass 576) visa. This visa is designed for international students who are sponsored by AusAID (under the Australia Awards) or Defence to study a full-time course of any type in Australia.

To be eligible for a student visa, applicants must be accepted for full time study in a course listed on the Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS). Applicants must also meet financial, health insurance, English language proficiency and health and character requirements.

There is no limit on the number of student visas issued each year. If applicants meet requirements, they will be granted a student visa. Student visas are issued for the entire period of study in Australia. Visas are issued in alignment with the period for which the applicant has Overseas Student Health Cover (OSHC).

There are two other visas related to the student visa program, the Student Guardian (subclass 580) visa and the Temporary Graduate (subclass 485) visa. The Student Guardian visa is for individuals who wish to accompany and care for minors studying in Australia. The Temporary Graduate visa allows international students to live and work in Australia temporarily after they have finished their studies.

## Family members

Students can apply to have partners and dependant children under the age of 18 accompany them to Australia. These family members are known as secondary visa holders and are counted in student visa numbers. A parent or guardian seeking to accompany an international student to Australia may be eligible for a Student Guardian (subclass 580) visa.

## Background to the student visa program - continued

### Ability to work

Student visas include a visa condition that, once the course has commenced, allows most students to work for up to 40 hours per fortnight while their course is in session and for unlimited hours during course breaks. The limitation imposed by this visa condition reflects the purpose of a student visa; that it is to allow entry to Australia in order to study, not to work. Secondary visa holders are subject to a visa condition that limits them to 40 hours work per fortnight at any time.

From 26 March 2012, higher degree by research students on a Postgraduate Research (subclass 574) visa may work unlimited hours once their Masters or PhD course has commenced. Dependents of students studying a Masters or PhD research course have no limitation on their work hours.

### Assessment Levels

There are five Assessment Levels in the student visa program. They serve to align student visa evidentiary requirements to the immigration risk posed by applicants from a particular country applying for a particular student visa. Assessment Level 1 represents the lowest immigration risk and Assessment Level 5 the highest. The higher the Assessment Level, the greater the evidence an applicant is required to demonstrate to support their claims for the grant of a student visa.

Further information is available at: [www.immi.gov.au/students/student-visa-assessment-levels.htm](http://www.immi.gov.au/students/student-visa-assessment-levels.htm)

### Streamlined visa processing

The department assesses student visa applicants who lodge their applications on or after 24 March 2012, with a Confirmation of Enrolment (CoE) from a participating university in Australia at Bachelor, Masters or Doctoral degree level as though they were a lower migration risk (similar to the current Assessment Level 1), regardless of their country of origin. This is in response to recommendations 3, 5, 6, and 18 of the Hon Michael Knight AO's report, Strategic Review of the Student Visa Program 2011 (the Knight Review).

### Financial requirements

Students and their families need to be aware of the costs involved in studying and living in Australia. In order to meet the financial requirements for the grant of a student visa, applicants must be able to demonstrate that they have access to sufficient funds to cover tuition fees, travel costs, educational costs for any accompanying school age children and living costs for the full study period.

### Genuine temporary entrant (GTE) requirement

The GTE requirement was introduced on 5 November 2011 to enhance the integrity of the student visa program.

The GTE requirement explicitly addresses whether the individual circumstances of an applicant indicate that their intention is for a temporary stay in Australia.

Factors that the department may consider as part of the GTE requirement are set out in a Ministerial Direction available at [www.immi.gov.au/gateways/agents/pdf/direction-53-assessing-gte.pdf](http://www.immi.gov.au/gateways/agents/pdf/direction-53-assessing-gte.pdf) and include:

- circumstances in the applicant's home country;
- the applicant's potential circumstances in Australia;
- the applicant's immigration history;
- the value of the course to the applicant's future; and/or
- any other matter relevant to the applicant's intention to stay temporarily.

### Overseas Student Health Cover (OSHC)

Overseas students must have health insurance for the duration of their stay in Australia. The OSHC is insurance to assist international students meet the costs of medical and hospital care that they may need while in Australia.

## Background to the student visa program - continued

### Visa refusals

A decision to refuse a student visa application is made when the delegate of the Minister is not satisfied that the applicant meets the legal criteria for grant of a visa. When refusing a visa application, the department provides an applicant, or their agent, with a written decision record that sets out the reason for the decision.

Reasons for refusal of student visa applications may include:

- failure to meet financial requirements;
- failure to meet English language requirements;
- fraudulent documentation present in the application;
- failure to satisfy the department that the applicant is a genuine student; and/or
- failure to meet GTE requirements.

### Processing time service standards

The department gives priority to offshore applications to ensure that prospective students receive their visas in time to travel to Australia to commence their courses. Onshore students are granted bridging visas pending finalisation of their new student visa applications and can still commence their courses.

Depending on the relevant Assessment Level the service standards are that 75% of offshore applications are finalised within 14 to 90 days and 75% of onshore applications are finalised within 14 to 30 days. It should be noted that approximately 80% of onshore applications are incomplete when lodged and this adds to processing times as officers request and then wait for applicants to provide required information.

The table below shows the processing time service standards for student visa applications.

Visa application	Lodged in Australia		Lodged outside Australia		
	Level 1 or 2	Level 3 or 4	Level 1	Level 2	Level 3 or 4
Students (subclass 570, 571, 572, 573, 574, 575, 576)	14 days	1 month	14 days	21 days	3 months

## Recent key initiatives in the reporting period

April 2013: From 13 April 2013 student visa holders are no longer subject to automatic or mandatory visa cancellation if they breach their visa conditions. This change provides fairer outcomes for students by allowing DIAC to take into account the individual circumstances of a student when considering a breach of visa conditions.
