ImmiAccount – How to attach documents to a citizenship application

Version: 2 (10-7-2015)

Before you can submit an online citizenship application, you are required to attach **evidence of identity** documents and **supporting** documents. You will be prompted to attach documents to your application before paying and submitting your application.

The documents required to support a citizenship application will be listed under the **Providing Supporting evidence** heading during the application process. You are required to attach documents that collectively show your photograph, signature, current residential address, date of birth, gender and any change of name (if applicable). A Form [1195 – Identity declaration](#) must also be completed and attached to the application for all applicants including children.

Document requirements

Documents submitted with your application must be scanned documents no larger than five megabytes (5MB) and in the following file formats only.

- .jpg
- .jpeg
- .jpe
- .bmp
- .gif
- .pdf*
- .png

Encrypted .pdf files cannot be accepted. You must save your scanned file in a different file format before attaching.

Ensure that when attaching photographs to your application, you:

- scan the front and back of the photograph separately. Do not place the photo on paper before scanning
- attach the front and back of the photograph of each applicant separately
- use the **Photograph Passport** for a front view of the photo

- use the **endorsed Photograph Rear** for a back view of the endorsed photo showing the authorised person's declaration and signature.

When attaching passport scans, please ensure you only attach passport detail pages.
Do not attach blank pages of your passport.

Identity declaration

Form 1195 *Identity declaration* is to be completed and provided to the Department of Immigration and Border Protection (the Department):

- for each additional child if you have more children than the space on your citizenship application form allows, or
- if you have applied for citizenship online. A separate form 1195 must be provided for each person included in the online application.

Important – Please read this information carefully before you complete this form. Once you have completed this form we strongly advise that you keep a copy for your records.

Integrity of application

The department is committed to maintaining the integrity of the visa and citizenship programmes. If you or a third party acting on your behalf provide, or have provided in a previous application, false or misleading information or documents (either knowingly or otherwise), this application may be refused. In addition, you may be prosecuted under the *Misleading Act 1958* and/or the *Australian Citizenship Act 2007*. If information or documents are found to be fraudulent or misleading after you become an Australian citizen, you may be prosecuted and may be subject to revocation of your Australian citizenship.

Identity declaration

An application for Australian citizenship cannot be approved where a person's identity is not able to be verified. The completed identity declaration and endorsed photograph must be signed by a person who:

- is an Australian citizen, **and**
- has known you for at least one year, **and**
- is currently working in a profession or occupation listed on pages 1 and 2, **and**
- is not related to you by birth, marriage or de facto relationship, **and**
- is easy to contact by telephone during normal working hours.

Note: If you are applying from outside Australia, the identity declaration can be completed by a citizen of your country of residence who has known you for at least one year, is currently working in a profession or occupation listed on pages 1 and 2, and is not related to you by birth, marriage or de facto relationship.

For children under 6 years of age, the identity declaration can be completed by an Australian citizen (or citizen of the child's country of residence if applying from outside Australia) who has known the child for less than 12 months, is currently working in a profession or occupation listed on pages 1 and 2, and is not related by birth, marriage or de facto relationship.

Photograph requirements

The person who signs the declaration must also write on the back of your photograph the words: *This is a true photograph of (your full name)* and sign the back of the photograph using the same signature as on the declaration.

The photograph should be carefully attached to the front of the application form **without obscuring the image**, or you can place the photograph in a plastic sleeve or envelope and staple it to the form.

If applying for citizenship online, pages 3 and 4 of this form must be scanned and attached to your online application. The front and back of your endorsed photograph must also be separately scanned and attached to your online application.

The photograph must be:

- no more than 6 months old
- a full-face view of your head and shoulders (unlimited prescription glasses can be worn – a photograph that shows facial features only is acceptable if you wear a head covering for religious reasons)
- of good quality, in colour, against a plain, light coloured background (darker copies are not acceptable).
